# ICONS

**STT (Smart Torch Technology)**  
PC programmable technology that allows users set infinite modes personally to fit different needs

**USB RECHARGEABLE**  
Convenient and universal charging option

**DUO SWITCH**  
Tap for Momentary On, double tap for Tactical Strobe. Click for Constant On, then tap to cycle through modes

**Vari-Source**  
Compatible with various battery types

**360° Rotate Focus**  
Simple rotation can set the beam a desired focus for your needs

**Tactical Strobe**  
Designed to gain the tactical advantage, a 9Hz frequency strobe to the most effective

**OSS (One Step Strobe)**  
Proprietary switch design to engage strobe instantly

**S.O.S.**  
Standard S.O.S. signal for emergency use

**Dual-Light**  
2-in-1 design which allows 2 full size LEDs sharing 1 reflector to form full beam via each led

**Quick Charge**  
4x speed while charging the proprietary battery pack

**Fuel Index**  
Low battery warning and charging indication

## ABOUT NEXTORCH

NEXTORCH® designs and produces superior flashlights and other high-end portable lighting solutions. Delivering reliable and powerful lighting with top-notch customer service is our pride and passion.

Since our inception in 2005, we continue to be the ultimate solution in illumination for law enforcement, security, tactical, hunting, outdoor activities and personal use. Our customers, industry and government bodies, as well as media worldwide, recognize and acknowledge our brand as the most reliable and innovative on the market.

The NEXTORCH® range of flashlights are distributed in over 100 countries and keep expanding. NEXTORCH® lights are used by law enforcement officers, outdoor enthusiasts, hunters, explorers, industry professionals, do-it-yourselfers and families like yours and ours. Simply put, NEXTORCH® delivers the most advanced lighting technology, battery efficiency and reliability. Our products are innovative, compact, sleek and intelligent - in other words, NEXTORCH® is the lighting solution that works.

DUTY

People who put themselves in the harm's way, must have a 24/7 partner at night, in the dark. It is their very duty to protect and safeguard others, thus they deserve to be protected. NEXTORCH® Duty series offers a reliable yet cost effective low-light solution. From critical installation, private homes, industrial plants to public streets, NEXTORCH® Duty, the best 24/7 partner, will never disappoint you.

## TA40

ULTRA-BRIGHT VERSATILE MIDDLEMAN

Equipped with DUO SWITCH, the TA40 has multiple modes to fit with various applications. A max output of 1040 lumens drives a stunning force of illumination and control. Powered by 1x 18650 or 2x CR123A, TA40 has a direct USB charging port which can also act as a remote plug-in.

1040 LUMENS

SERIES

CREE® XM-L2 LED emitter, max output 1040 lumens

Powered by 1x 18650 or 2x CR123A

DUO SWITCH multi-purpose technology operates in 4 light modes, plus Tactical Strobe and an S.O.S.

TA5 GUARDIAN **NEW**

SAFE BREACHING WITH ONE STEP STROBE

The TA5 Guardian is ground breaking product, which is a gem of deep collaboration working closely with professional and users. This is probably the product with most "first" ever at NEXTORCH®. TA5 is the first to equip NANO-CERAMIC BEAD as a breaching element ever. Exempted from the sharp edges, TA5's proprietary NANO-CERAMIC bezel system is a safe and effective glass breaching tool, especially on car windows. A Hidden USB Charging Port is placed on the neck sealed off by O-rings and gaskets. TA5 possesses a unique double switch design. It features a primary constant-on clicker in the front, which cycles through modes and act as a fuel indicator. And a NEXTORCH® patented OSS (One Step Strobe) tail cap on the butt, which is a robust quick strobe mechanism that overrides the current mode yet return to the mode once deactivated. OSS allows user to quickly access the NEXTORCH® proprietary Tactical Strobe setting to impose the most tactical impact onto the threat even under extreme stress. With a light tab, OSS also functions as momentary switch at max output of 900 lumens.

- FEATURES**
- \* OSS (One Step Strobe) fast strobe capability
  - \* NANO-CERAMIC safe breaching system
  - \* Primary front constant-on switch, selects modes and also act as fuel indicator
  - \* USB Charging Port

## NEXTUNER

NEXTUNER is the specialized software driving the Smart Torch Technology (STT), created by our product development team. Connecting the flashlight to your computer by data cable, and using the NEXTUNER application downloaded to your computer, you can freely program your own modes, with personalized brightness level, strobe and signal function, infinite possibilities and combinations.

## PA5 NEW

360° ROTATE FOCUS ADJUSTMENT

There is always a time where a quick shift of focus is needed. With the all new NEXTTORCH PA5 technology on board, PA5 offers a smooth transition of focus with the simple rotation and a 360° rotate focus wheel. DUO SWITCH enables PA5 to quickly mode the PA5 lens with 1x 18650 or 2x CR123A, and comes with low-profile well-hidden USB charging port with indicator.

### FEATURES

- CREE® XP-L Neutral White Light LED emitter, max output 690 lumens
- Powered by 1x 18650 or 2x CR123A
- DUO Switch multi-purpose technology operates in 2 modes, plus Tactical Strobe and an S.O.S.

# BACKUP

Murphy's Law has spoken: 1 is none, 2 is 1. As problem solvers, we all wish to carry all the gear we can possibly think of, along with their backups. However, there is always the size and weight issue. Where size and weight rules, NEXTORCH Backup wins with exceptional performance.

## TA10 NEW

### VARI-SOURCE HIGH OUTPUT BACKUP

TA10 is a one of its kind backup. The unique Vari-Source technology makes it compatible to almost all battery available on the market, which will largely increase the survivability and bring light and hope in case of emergency. DUO SWITCH built multi-purpose application, including a Tactical Strobe Mode activated through double tab.

- \* Multi-battery design, compatible with AA/CR123A/14500/16340 etc. batteries
- \* Light and handy design for one-hand use
- \* Patented DUO SWITCH, single switch for easy momentary activation or mode switching

3200 LUMENS

Beam distance:	470m / 1542'
Water resistance:	IPX-7 (1m)
Impact resistance:	1m / 3.28'
Battery:	Built-in Rechargeable Battery Pack (included)
Dimensions:	156mm * 65mm * 52mm
Weight:	667g / 23.53oz (with battery)

# SEARCH

Our Saint Torch line has been phenomenal products in solving the equation of maneuverability and capacity particularly in rescue and industrial applications. If you are looking for a search light in a minimal package offering the best in class beam profile, look only Saint Torch.

## SAINT TORCH3

2600 LUMEN HIGH OUTPUT USB RECHARGEABLE SEARCH TORCH

### Extremely Bright, Superbly Long-lasting, Intelligent

The Saint Torch 3 is an upgraded version of NEXTORCH's Saint Torch HD flashlight, with three CREE® XM-L2 LED emitters, integrated with an efficient power circuit and reliable light design. Featuring 2600 lumen high output and up to 440 hours runtime, the Saint Torch 3 is tough and durable to deal with nearly every extreme environment. Comfortable for extended single-hand usage, the Saint Torch 3 is ideal for outdoor, search and rescue, tactical and security.

### SMART

- USB / Direct Rechargeable
- 6 modes pre-set, including strobe and S.O.S.
- Smart Torch Technology (STT), PC programmable with unlimited modes
- DUO SWITCH with 'click and tap' functions for easy momentary activation or mode switching

For TA40, TA3, T6A

## EDC

Day in - day out, somewhere sometime, someone will need some light. NEXTORChE EDC series fits in every corner of everyday life, giving light to bring ease and get the job done, every time.

## UL360 NEW

### 360° UTILITY POCKET LANTERN

UL360 is a new member of NEXTORChE family. It is named "Pocket Lantern" since it fits in the palm and can be carried in the pocket. This little thing is powered by single AA battery that can light up to 70 lumens, can light up a 5m<sup>2</sup> area. Pocket Lantern can stand up and rotate 360 degrees to point a desired angle for comfortable lighting. Most interesting of all, Pocket Lantern comes with a magnetic bottom plate, a bungee cord and a S-Ringer, which offer countless mounting option that makes UL360 fit in almost everywhere. UL360 Pocket Lantern is truly an handy illumination device which is perfect for EDC carry, outdoor camping and emergency light source.

# NEXTORCH®

Proud to be a voting member of

The Portable Lights American Trade Organization (PLATO) was formed by companies involved in the manufacturing and selling of portable lighting tools to promote the interests of the industry and the common business interests of the companies that comprise this industry. It is the first trade association of its kind in the portable lighting industry. PLATO will help move the industry forward by performing a variety of functions, including:

- Help enforce the accurate and transparent use of industry standards, such as the ANSI/NEMA FL-1 Standard
- Assist in developing other industry product and safety standards
- Help guard against false advertising and similar unfair trade practices in the industry
- Provide an educational forum for members and supply educational materials
- Represent the industry to the public and to the government

## THE ANSI-NEMA STANDARD

The USA National Electrical Manufacturers Association (NEMA) publishes the ANSI/ NEMA FL 1-2009 Flashlight Basic Performance Standard, the first and most recognized flashlight industry standard. It introduces definitions and testing methods for flashlight basic performance as well as associated marking. NEXTORCH® products strictly follow and support the ANSI NEMA Standard guidelines, guaranteeing exceptional product quality.

Total Light Output  
(Lumens)

Maximum Run Time  
(Per fresh set of batteries)

Beam Distance  
(1 meter = 1.1 yards = 3.3 feet)

Peak Beam Intensity

Impact Resistant Height  
(Drop-tested onto concrete from this height without damage to function)

Extreme Weather Resistance  
(Rain / Storm / Wind)

Waterproof  
(Submersible to this depth for 30 minutes without damage)

## THE NEXTORCH. NO-HASSLE PROMISE

We keep your NEXTORCH® flashlights running smoothly

Our professional designers and engineers are provided with advanced and comprehensive testing equipment in our onsite Test Lab. Testing procedures follow ANSI standard to provide reliable indoor testing results. We also conduct outdoor tests and reviews, and carry out field usage "beta testing" with professional and amateur flashlight enthusiasts. Our products are put through the grind, from everyday use to the toughest environments. Our products are given a thorough inspection before they are delivered to our customers for tasks varying from routine and repetitive to critical and urgent.

### NO HASSLE GUARANTEE

NEXTORCH® warrants that if you, our customer, has a defective unit due to manufacturing and/or workmanship, we will repair or replace it quickly and for free. That's a lifetime guarantee. Exceptions noted below.

Chargers and rechargeable batteries are covered within one year from the date of purchase.

Our warranty does not cover consumables or normal wear-and-tear, or damage resulting from abuse, alterations, unauthorized repairs, or contrary to NEXTORCH's user manuals.

To help protect your investment, NEXTORCH® offers reasonable rates to repair damage to our products not covered by our warranty. You will be provided with a quote for approval before work begins.

### WARRANTY CLAIMS

NEXTORCH® will repair or replace any defective NEXTORCH® flashlight, please contact your local dealer or send an email to [info@nextorch.com](mailto:info@nextorch.com) (for International outside the USA) or [usa@nextorch.com](mailto:usa@nextorch.com) (within the USA).

### WARRANTY DISCLAIMER

The above warranty is exclusive, and to the extent permitted by applicable laws, shall be in lieu of all other warranties, express or implied, including, without limitation, any warranty of merchantability or fitness for a particular use or purpose. NEXTORCH® disclaims any and all liability for product malfunctions, Physical injuries, or property damage that result in a whole, or in part, from the criminal, negligent, or improper use of the product, or from modifications or alterations thereto. In no event shall NEXTORCH® be held liable for any incidental, special, or consequential damages relating to the purchase, use, or performance of any NEXTORCH® product.
