ICONS

STT (SMART TORCH TECHNOLOGY)
PC programmable technology that allows users set elite modes personally to fit different needs

USB RECHARGEABLE
Convenient and universal charging option

DUO SWITCH
Tap for Momentary On, double tap for Tactical Strobe. Click for Constant On, then tap to cycle through modes

VARI-SOURCE
Compatible with various battery types

360° ROTATE FOCUS
Simple rotation can set the beam a desired focus for your needs

TACTICAL STROBE
Designed to gain the tactical advantage, a 9Hz frequency strobe is the most effective

O/S (ONE STEP STROBE)
Proprietary switch design to engage strobe instantly

S.O.S.
Standard S.O.S. signal for emergency use

DUAL-LIGHT
2-in-1 design which allows 2 full size LEDs sharing 1 reflector to form full beam via each led

QUICK CHARGE
4x speed while charging the proprietary battery pack

FUEL INDEX
Low battery warning and charging indication

AIMING LASER
Visible laser for marking location

NANO-CERAMIC BREACHING BEZEL
Specially hardened, efficiently shatters car windows

ABOUT NEXTORCH®

NEXTORCH, PRO'S LIGHT

NEXTORCH®, a global leading brand of professional portable lighting products, devotes to provide experts with more professional portable lighting products in law enforcement, hunting, and outdoor.

Professional, as one of NEXTORCH's important spirit, penetrates all aspects of the entire company. NEXTORCH® gathers a group of fanatical gear enthusiasts including company founder, product designers and marketing staff. In order to get more insights into what users' real needs, we learn through their experiences. We go hiking, trail running, cycling, shooting, hunting, mountain climbing, even go to the first scene of search and rescue.

We are not only practicing the professional spirit by actively experiencing users' experiences, the more we are doing here in NEXTORCH® is making users involved in the product design. We are working on research and development of new products based on user's thinking model like gathering a mass of different users' requirements, product concepts and designs, R&D, testing, production, marketing, and serving, not simply and only listen to what they need and solve their problems. Each of steps is vital to help us meet users' real needs and produce professional products.

We are professional, we are proud of ourselves.

Saint Torch 3, designed for search, won the silver award of the Asian Outdoor Industry Awards, and the most innovative award in Spain ExpoCecofena.

TA10, a tactical flashlight compatible with AA / CR123A / 14500 / 16340 batteries, won the gold award of the Asia Outdoor Industry Award.

UL360, a portable camping lamp, won the ISPO Award in 2016.

myStar headlamp and PS DUAL-LIGHT series of dual-light flashlight won the Red Dot Design Award, the highest prize in design, in Germany in 2016.

For our great design team, NEXTORCH® are going on gaining more and more international awards. With the accumulation of technology and skills, we have gained over 110 patented items, including 3 of the United States Invention Patents. NEXTORCH® products are sold to over 100 countries and regions, and our sales team is serving millions of users.

In China, NEXTORCH® is designated as a research and development unit to design and produce flashlights for China police. In addition, NEXTORCH® is one of the first members of PLATO (Portable Lights American Trade Organization) who has the voting rights. Moreover, NEXTORCH® is involved in making and optimizing ANSI standards for helping develop flashlight industry.

NEXTORCH®, ALWAYS LIGHTS UP YOUR ADVENTURE!

SAINT TORCH SERIES

NEXTORCH's flagship search lights, known for being ergonomically-handling, reliable, and ultra-bright. Designed for rescue, exploration, patrol and maintenance, SAINT TORCH is the pro's choice.

SAINT TORCH 10

3200 Lumen High Output Rechargeable Search Torch

FEATURES

- DC direct quick charge design
- LED battery indicator
- Patented DUO SWITCH, single switch for easy momentary activation or mode switching
- Comes with a shoulder strap for long time carrying

LED :	CREE® XHP 70 LED
Mode :	3200lm / 1650lm / 460lm / 65lm / strobe / S.O.S.
Runtime :	3h20min / 5h10min / 18h / 120h / -
Beam distance :	470m / 1542'
Water resistance :	IPX-7 (1m)
Impact resistance :	1m / 3.28'
Battery :	Built-in Rechargeable Battery Pack (included)
Dimensions :	196mm * 85mm * 52mm
Weight :	667g / 23.53oz (with battery)

3200
LUMENS

SAINT TORCH 3

2600 Lumen High Output USB Rechargeable Search Torch

SAINT TORCH 3 is a turbo-power outdoors searching flashlight, using 3 CREE® XM-L2 U2 LED to deliver a power beam of up to 2600 lumens, a wide beam for maximum close-range coverage and up to 445m beam distance for searching capacity. A 10400mAh high capacity re-chargable battery pack supports this extra high endurance tool to deliver more than 15 days of light. SAINT TORCH 3 is your best choice for scouting, extended searching, patrol and rescue, and as an extra light for the car.

FEATURES

- 2600 lumen high output, 445 meter beam distance
- USB / DC direct rechargeable
- 6 modes pre-set, including strobe and S.O.S.
- Smart Torch Technology (STT), PC programmable with unlimited modes

LED :	CREE® XM-L2 U2
Mode :	2600lm / 1300lm / 240lm / strobe / S.O.S.
Runtime :	100min / 5h / 12h / - / -
Beam distance :	445m / 1460'
Water resistance :	IPX-7 (1m)
Impact resistance :	1m / 3.28'
Battery :	Built-in Rechargeable Battery Pack (included)
Dimensions :	177mm * 62mm * 48mm
Weight :	676 g / 23.66 oz (with battery)

2600
LUMENS

SAINT TORCH 1

1000 Lumen 640 Meter Ultra-Throw USB Rechargeable Flashlight

SAINT TORCH 1 is an ultra-throw outdoor searching flashlight, using a single CREE® XM-L2 U2 LED, delivering up to 1000 lumens. The reflector is super-powered, letting its beam extend as far as 640 meters, allowing your search light to go further. The Saint Torch 1 is rechargeable via direct DC electrical connection or USB cable. The Saint Torch 1 comes with a shoulder strap that lets you affix the flashlight to your waist to free up your hands.

FEATURES

- Max output up to 1000 lumens and throw beam up to 640 meters
- USB / DC direct rechargeable, comes with 18650 lithium-ion batteries for up to 1000 hours runtime
- Runs on one to four 18650
- 7 modes pre-set, including strobe and S.O.S.
- DUO SWITCH with 'click and tap' functions for easy momentary activation or mode switching

LED :	CREE® XM-L2 U2
Mode :	1000lm / 550lm / 110lm / 15lm / strobe / S.O.S.
Runtime :	5h8min / 22h50min / 68h20min / 500h / -
Beam distance :	640m / 2100'
Water resistance :	IPX-7 (1m)
Impact resistance :	1m / 3.28'
Battery :	4*18650 (included)
Dimensions :	199mm * 75.5mm * 50mm
Weight :	488g / 17.21oz (without battery)

T&P-SERIES

People who put themselves in the harm's way, must have a 24/7 partner at night, in the dark. It is their very duty to protect and safeguard others, thus they deserve to be protected. NEXTORCH® Duty series offers a reliable yet cost effective low- light solution. From critical installation, private homes, industrial plants to public streets, T&P Series is the 24/7 partner you can trust.

TA30

Ultra Bright One Step Strobe Tactical Flashlight

1100
LUMENS

TA30 brings the tactical carry flashlight to a new high level. The TA30 incorporates a rotating function selector which offers a wide range of light settings that meet full mission spectrum, single handily. A silent tail cap switch which gives back positive control feedback, can offer both momentary and strobe feature. The NEXTORCH® proprietary Nano-ceramic breach bezel carried over from TA5 executes efficient breaching against all windows. TA30 has passed 2 meter waterproof test and 2 meter drop safe test, fires a stunning beam of 1100lm.

FEATURES

- * Patented One Step Strobe technology: light tap for momentary on, or press hard for tactical strobe(10Hz)
- * Proprietary magnetic 5 position rotating selector: TAC(momentary/strobe at 1100lm), Low(15m), Medium(160m), High(1100m), S.O.S(160m)
- * Specially hardened NANO-Ceramic breach bezel, effectively break glasses

Nano-ceramic breaching bezel

LED:	CREE® XP-L V6 LED
Mode:	1100m / 160m / 15m / strobe / S.O.S
Runtime:	9h40m / 5h / 2h / - / -
Beam distance:	240m / 717' 4"
Water resistance:	IPX-8 (2m)
Impact resistance:	2m / 6.5'
Battery:	1*14500 / 2*CR123A(included)
Dimensions:	135mm * 30mm * 23mm
Weight:	90g / 3.17oz (without battery)

TA15

High Output Multiple Battery Compatible Tactical backup

600
LUMENS

TA15 shares most of TA30 design other than chambers a completely different battery option. Instead of 18650, the NEXTORCH® Vari-Source technology allows TA15 takes a number of different batteries, including CR123A, AA, AAA, 10440, 14500, 16340. TA15 also incorporates a rotating function selector which offers a wide range of light settings that meet full mission spectrum, single handily. A silent tail cap switch which gives back positive control feedback, can offer both momentary and strobe feature. The NEXTORCH® proprietary Nano-ceramic breach bezel carried over from TA5 executes efficient breaching against all windows.

* Vari-Source Technology: compatible with AAA/AA/CR123A/10440/14500/16340

* Patented One Step Strobe technology: light tap for momentary on, or press hard for tactical strobe(10Hz)
* Specially hardened NANO-Ceramic breach bezel, effectively break glasses

FEATURES

LED:	CREE® XP-L V6 LED
Mode:	600lm / 240m / 50m / strobe / S.O.S
Runtime:	40m / 1h / 2h / 10m / - / -
Beam distance:	150m / 492' 1"
Water resistance:	IPX-8 (2m)
Impact resistance:	2m / 6.5'
Battery:	1 * 14500 / 16340 / 10440 / CR123A / AA / AAA
Dimensions:	127mm * 30mm * 23mm
Weight:	90g / 3.17oz (without battery)

Var-Source Battery Compatibility Technology
Compatible with: 14500 / 16340 / 10440 / CR123A / AA / AAA

TA40

1040 Lumen Ultra Bright Tactical Flashlight

Equipped with DUO SWITCH, the TA40 has multiple modes to fit with various applications. A max output of 1040 lumens drives a stunning force of illumination and control. Powered by 1x18650 or 2x CR123A, TA40 has a direct USB charging port which can also act as a remote plug-in.

1040
LUMENS

- FEATURES**
- * Cree® XM-L2 U2 LED emitter, max output 1040 lumens
 - * Powered by 1x 18650 or 2x CR123A
 - * DUO SWITCH multi-purpose technology operates in 7 light modes, plus Tactical Strobe and an S.O.S.

LED :	Cree® XM-L2 U2
Mode :	1040lm / 530lm / 250lm / 80lm / strobe / S.O.S.
Runtime :	1h / 1h30min / 3h / 10h / -
Beam distance :	285m / 935.04'
Water resistance :	IPX-8 (2m)
Impact resistance :	3m / 9.84'
Battery :	2*CR123A (Included) / 1*18650
Dimensions :	147mm * 34mm * 25.4mm
Weight :	124g / 4.37oz (without battery)

TA10

Vari-Source High Output Backup

TA10 is one of its kind backup. The unique Vari-Source technology makes it compatible to almost all battery available on the market, which will largely increase the survivability and bring light and hope in case of emergency. DUO SWITCH full multi-purpose application, including a Tactical Strobe mode activated through double tap, activities.

2015 Asia Outdoor
Industry Award
Gold Award560
LUMENS

LED :	Cree® XP-L V5
Mode :	560lm / 215lm / 30lm / strobe / S.O.S.
Runtime :	50min / 1h45min / 8h30min / -
Beam distance :	170m / 557.7'
Water resistance :	IPX-8 (2m)
Impact resistance :	1.5m / 4.92'
Battery :	1*14500 (not included)
Dimensions :	122mm * 28.2mm * 22mm
Weight :	89g / 3.14oz (without battery)

- FEATURES**
- * Multi-battery design, compatible with AA / CR123A / 14500 / 18340 etc. batteries
 - * Light and handy design for one-hand use
 - * Patented DUO SWITCH, single switch for easy momentary activation or mode switching

TA5

High Output Rechargeable One Step Tactical Breaching Partner

TA5 features a NEXTORCH® proprietary OSS tail cap that enables literally a One-Step-Strobe activation of Tactical Strobe at 900lm for effective self-defense and signaling. A constant-onside switch is located in the front for primary uses. The low-profile Nano-Ceramic rescue bevel shatters glass extraordinarily yet maintains garment and skin safe. A hidden USB charging port is designed for direct charging while using 18650, while CR123A is also compatible.

- FEATURES**
- * One-Step (Strobe/OSS) tail cap with Tactical Strobe mode
 - * A constant-on front switch selects from 3 light setting, and a hidden S.O.S. mode
 - * OSS is 900lm only and overrides the current mode
 - * Low-profile Nano-Ceramic rescue & breaching system
 - * Direct USB charging port with indicator
 - * Powered by 1* 18650 or 2* CR123A

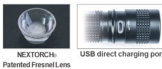

900
LUMENS

PA5

360° Rotate Focus Adjustable USB Rechargeable Flashlight

There is always a time where a quick shift of focus is needed. With all the new NEXTORCH® RFA technology on board, PA5 offers a smooth transition of focus with a simple rotation, and a best in class beam spot. DUO SWITCH enables PA5 to quick mode shift. PA5 runs with 1x 18650 or 2x CR123A, and comes with low-profile walk-hidden USB charging port with indicator.

- FEATURES**
- * Cree® XP-L Neutral White Light LED emitter, max output 660 lumens
 - * Powered by 1x 18650 or 2x CR123A
 - * DUO Switch multi-purpose technology operates in 2 modes, plus Tactical Strobe and an S.O.S.
 - * USB Charging Port with LED indicator

P5 DUAL-LIGHT

Why it won red*dot* award ?

Dual-Light technology

NEXTORCH® has finally come out an answer to combine 2 light into 1. P5 Dual-Light features NEXTORCH® proprietary Dual-Light technology, starting a 800 lumen white light and a high output color light. Runs with 1x 18650 or 2x CR123A, with easy selection of modes via DUO SWITCH. It also features a well-covered low-profile USB direct charging port.

- FEATURES**
- * Dual-Light White Light max output at 800 lumens
 - * Powered by 1x 18650 or 2x CR123A
 - * DUO SWITCH multi-purpose technology operates in 2 modes, plus Tactical Strobe and an S.O.S.
 - * USB Charging Port with LED indicator

WL10X EXECUTOR

Single CR123A High Output Weapon Light

The all new Executor features an easy mounting solution, an adjustable rail fitting block and a powerful CREE® XP-G2 R5 LED emitter that runs on single CR123A battery. Executor throws 230 lumens close quarter combat lighting and remains a very slick compact body that blends with the handgun. The ambidextrous Bi-Paddle trigger is ergonomically designed and adapts to all tactical situations with a slight momentary and a click constant setting. Front opening makes it easy to change battery.

- FEATURES**
- * Ambidextrous trigger operation
 - * Easy clip mounting
 - * Adjustable rail block fits most rail models
 - * Front opening battery case for easy relief
 - * Rugged and compact size

WL10X is compatible with the following models but not limited to:

Dr.K3

Flashlight Designed For Clinical Use

RG0, RA>90, CCT5000K

NEXTORCH is proud to announce another Pro's Light member - the first NEXTORCH® medical flashlight, Dr. K3. The initiative kick started when a customer who also happens to be a doctor came to us requesting a "perfect doctors light". Equipped by light color full spectrum daylight white 5000 Kelvin with CRI RA>90 (Color Rendering Index over 90%) revealing over 90% of the subject detail, and a photobiological safety of blue light hazard exempted RG0 rating, Dr. K3 has met the challenge and finally made its debut to enlighten medical professionals all over the world.

- * Blue hazard rated exempted, RG0
- * Color rendition (CRI) RA>90
- * Full spectrum daylight white color temperature, CCT = 5000K

K3

Ultra Bright 2 AAA LED Penlight

Our best-selling NEXTORCH® K3 Clip-and-Go penlight is powered by two AAA batteries, continuing the NEXTORCH® tradition of compact design for daily use. The feedback on the K3 from customers is outstanding. Maintenance personnel, mechanics, and those who use it for personal every day activities, swear by this model, calling it the brightest, toughest, sleekest and reliable pen light they have ever used. The K3 produces an extremely powerful 180 lumens, with four selectable modes and 36 hours max runtime.

- * Compact structure and lightweight
- * Durable stainless steel clip, easy for everyday carrying

ACCESSORIES

TACTICAL HOLSTER

ADAPTIVE POLYMER HOLSTER

360 degree rotatable
Quick draw feature with a lever side lock mechanism
Fits belts 2" width or lower
For TA30, TA15, TA5, PA5, P5 DUAL LIGHT,
TA40, T6A, myTorch S 18650, myTorch S XL
Or any flashlight diameter is between 1"-1.25"

V1 / V2

DURABLE NYLON HOLSTER

V1: For TA30, TA15, TA5, PA5, P5 DUAL LIGHT,
TA40, T6A, myTorch S 18650, myTorch S XL

V2: For myTorch S 2AA

18650 CHARGER KIT

2600mAh 18650 Rechargeable
Lithium-ion battery with In-car & Direct Chargers
For TA30, TA15, TA5, PA5, P5 DUAL LIGHT,
TA40, TA4, TA40 SET, TA3 SET, Saint Torch 1

3400mAh/2600mAh 18650

3.7V 3400mAh / 2600mAh Rechargeable Li-ion
Battery with over-charger / over-discharger
protection circuit compatible
For 18650 flashlights

FT32

Filter Kit with Holder:
Red / Green / Blue
For TA40, TA3, T6A

L66 R5

CREE® XP-G2 R5 LED Upgrade - single Output
Max output 320 lumens
For T6A

UC4

TA4 USB Charger Cable
40cm (15.8ft) in length
For TA40

TS4-L

REMOTE SWITCH
40cm (1.58") in Length
For TA40

TS6-L

REMOTE SWITCH
40cm (15.8") in Length
For T6A

Glo-Toob Tactical Kit

Designed to work with Ops-Core ARC rail
MOLLE/PALs webbing base plate, fits any
1" webbing
Velcro attaching option provided
Quick don-and-doff operation

RM85

Quick Tighten / Release Scope mount
Fits flashlight body size:
20mm-28mm (0.79"-1.1")
Fits Scope body size:
25.6mm-30mm (1.0"-1.18")
For TA30, TA15, TA5, PA5, TA40, T6A,
P5 DUAL LIGHT, myTorch S 18650

RM25

25mm (1") Picatinny Weaver Gun Mount
For TA30, TA15, TA5, PA5, TA40, T6A,
P5 DUAL LIGHT, myTorch S 18650

HM1

Quick Attach / Release Helmet
Mount 360 Angle Rotatable
Fits flashlight body size:
18mm-35mm (0.71"-1.38")
For TA30, TA15, TA5, PA5, TA40, T6A,
P5 DUAL LIGHT, myTorch S 18650

BM1

Quick Tighten / Release Bike Flashlight
Mount 360 Angle Rotatable
Fits flashlight body size:
23mm-28mm (0.9"-1.1")
Fits Steel pipe size:
22mm-25.6mm (0.87"-1.0")
For TA30, TA15, TA5, PA5, TA40, T6A,
P5 DUAL LIGHT, myTorch S 18650

NEXTORCH®

Proud to be a voting member of

The Portable Lights American Trade Organization (PLATO) was formed by companies involved in the manufacturing and selling of portable lighting tools to promote the interests of the industry and the common business interests of the companies that comprise this industry. It is the first trade association of its kind in the portable lighting industry. PLATO will help move the industry forward by performing a variety of functions, including:

- Help enforce the accurate and transparent use of industry standards, such as the ANSI/NEMA FL-1 Standard
- Assist in developing other industry product and safety standards
- Help guard against false advertising and similar unfair trade practices in the industry
- Provide an educational forum for members and supply educational materials
- Represent the industry to the public and to the government

THE ANSI-NEMA STANDARD

The USA National Electrical Manufacturers Association (NEMA) publishes the ANSI/ NEMA FL 1-2009 Flashlight Basic Performance Standard, the first and most recognized flashlight industry standard. It introduces definitions and testing methods for flashlight basic performance as well as associated marking. NEXTORCH® products strictly follow and support the ANSI NEMA Standard guidelines, guaranteeing exceptional product quality.

ANSI-American National Standard Institute NEMA-National Electrical Manufactures Association

Total Light Output
(Lumens)

Maximum Run Time
(Per fresh set of batteries)

Beam Distance
(1 meter = 1.1 yards = 3.3 feet)

Peak Beam Intensity

Impact Resistant Height
(Drop-tested onto concrete from this height without damage to function)

Extreme Weather Resistance
(Rain / Storm / Wind)

Waterproof
(Submersible to this depth for 30 minutes without damage)

THE NEXTORCH. NO-HASSLE PROMISE

We keep your NEXTORCH® flashlights running smoothly

Our professional designers and engineers are provided with advanced and comprehensive testing equipment in our onsite Test Lab. Testing procedures follow ANSI standard to provide reliable indoor testing results. We also conduct outdoor tests and reviews, and carry out field usage "beta testing" with professional and amateur flashlight enthusiasts. Our products are put through the grind, from everyday use to the toughest environments. Our products are given a thorough inspection before they are delivered to our customers for tasks varying from routine and repetitive to critical and urgent.

NO HASSLE GUARANTEE

NEXTORCH® warrants that if you, our customer, has a defective unit due to manufacturing and/or workmanship, we will repair or replace it quickly and for free. That's a lifetime guarantee. Exceptions noted below.

Chargers and rechargeable batteries are covered within one year from the date of purchase.

Our warranty does not cover consumables or normal wear-and-tear, or damage resulting from abuse, alterations, unauthorized repairs, or contrary to NEXTORCH's user manuals.

To help protect your investment, NEXTORCH® offers reasonable rates to repair damage to our products not covered by our warranty. You will be provided with a quote for approval before work begins.

WARRANTY CLAIMS

NEXTORCH® will repair or replace any defective NEXTORCH® flashlight. For the purpose of better customer support and services, we strongly recommend you to register your NEXTORCH® product via our official website: www.nextorch.com or simply scan the QR code below with your smart devices.

WARRANTY DISCLAIMER

The above warranty is exclusive, and to the extent permitted by applicable laws, shall be in lieu of all other warranties, express or implied, including, without limitation, any warranty of merchantability or fitness for a particular use or purpose. NEXTORCH® disclaims any and all liability for product malfunctions, Physical injuries, or property damage that result in a whole, or in part, from the criminal, negligent, or improper use of the product, or from modifications or alterations thereto. In no event shall NEXTORCH® be held liable for any incidental, special, or consequential damages relating to the purchase, use, or performance of any NEXTORCH® product.
